

Test of FAITH

AN INNOVATIVE RESOURCE TO HELP EVERYONE TACKLE ISSUES RAISED BY SCIENCE & FAITH

There is a popular myth at large in both society and the church: that science and Christianity have been engaged in a long battle over the centuries. But are science and Christian faith **really** in conflict?

“Filled with insight and clear presentation that helps bring clarity in the face of confusion.
Michael Ramsden, European Director, The Zacharias Trust

Test of FAITH is a flexible series of multimedia resources. Videos and print resources introduce the issues, while questions and activities encourage thought and open discussion on a wide range of topics, including:

- ▮ ARE SCIENCE AND CHRISTIANITY FRIENDS OR FOES?
- ▮ HAS THE BIG BANG PUSHED GOD OUT OF THE UNIVERSE?
- ▮ WHAT DOES 'CREATION' MEAN?
- ▮ ARE HUMANS NO MORE THAN BIOLOGICAL MACHINES?
- ▮ IS CLONING ETHICAL?
- ▮ WHAT CAN WE LEARN FROM LOOKING AT THE BRAIN?

Test of FAITH is designed to enable non-specialists to join the discussion.

TEST OF FAITH: DOES SCIENCE THREATEN BELIEF IN GOD?

An award-winning documentary featuring leading scientists and theologians. Introduces a range of fascinating issues in the zone where science and faith meet.

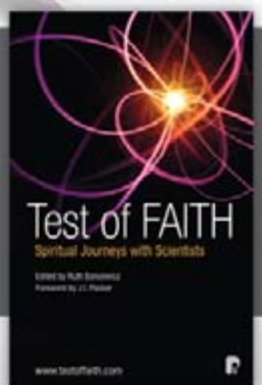

(3 x 30 min) Paternoster, ISBN: TOFDVD, RRP: £8.99

TEST OF FAITH: SPIRITUAL JOURNEYS WITH SCIENTISTS

Ten respected scientists share their life stories, their own discovery of Christianity, and their reflections on science and faith.
